Prompt :

Transform this image into a premium surreal fashion editorial while preserving the person's identity, facial features, hairstyle, skin tone, outfit, pose, body proportions, and camera angle exactly as they are. Do not replace any clothing, accessories, or facial details. Keep the subject perfectly sharp, photorealistic, and naturally blended. Create a realistic composition by surrounding the subject with large organic liquid chrome structures inspired by flowing metal, abstract biomorphic shapes, and futuristic sculptures. The chrome should appear to grow naturally around the subject without covering important body parts or the face. Add realistic reflections, soft shadows, depth, and perspective so the metallic forms feel physically present. Maintain a clean minimal background while integrating the chrome elements into the environment. Use soft natural daylight with cinematic contrast and subtle highlights. Keep a luxury fashion magazine aesthetic similar to Vogue, Numéro, and Highsnobity.

editorials. Preserve the original colors of the clothing and skin. Do not add extra people, text, logos, watermarks, or unnecessary objects. The final image should feel like a high-end AI fashion, campaign with ultra-realistic details, crisp textures, HDR quality, 8K resolution, editoria) Made with Edits position, premium color grading, dramatic depth of field, and professional commercial photography.
